

HURRICANE RAINBOW

VERSE 1: A rainbow bent down
 And touched that hurricane hole
 Her multi-colored majesty
 Made me again - remember when
 That big wind she blew
 And turned our world to gray
 And if it weren't for you
 I may not be - here today

CHORUS: A furious wind howls
 And the angry waves pound
 But we're alright - since we saw
 A rainbow come down

BREAK: music = verse

VERSE 2: Way up in the states they say
 This whole island got blown away
 Oh how dem newsboys love dat stuff
 Rooftops fly - cows sail by
 Well sure we lost a few rooftops
 Boats were ravaged on the rocks
 But that lunatic was way too slow
 To blow away - this rainbow

CHORUS: Oh a...repeat

BREAK: music = verse

CHORUS: Wo-wo a...repeat

TAG: Yes we're alright - since we saw
 A rainbow come down
