

OUR CANOE

VERSE 1: There's a whirlpool spinnin' off the end of my paddle
 I'm glidin' along singin' this song
 Feelin' like me and this old green river are one
 I dip my paddle to a natural rhythm
 Singin' this song for me and you
 And our canoe

VERSE 2: Sunshine sparkling on the water
 Like fireflies dancing across the sky
 Trout's a jumpin' my heart's a thumpin' too
 Don't get much closer than this my friend
 To this paradise we're floating through
 In our canoe

CHORUS: I dip my paddle to a natural rhythm
 Singin' this song for you and me
 I dip my paddle to a natural rhythm
 Singin' this song for me and you
 And our canoe

VERSE 3: When I die please bury me
 Along the banks of the river of eternity
 And let my soul wash down to the sea
 Let the currents flow over my body
 Let the cool breeze blow right through my bones
 Set me free to be just you and me
 Me and you
 And our canoe

CHORUS: Repeat
